

1183 - Shaving armpit hairs with a razor

the question

Is it OK to shave armpit hairs with a razor?

Detailed answer

Praise be to Allah.

It is permitted, because the object is to remove the hair, whether by plucking, shaving or some other method. Plucking is better, if one can manage it, because the Prophet (peace and blessings of Allah be upon him) said: "The fitrah is five things: circumcision, trimming the moustache, cutting the nails, plucking the armpit hairs and shaving the pubic hairs." (Agreed upon).
