

## **11013 - Is it haram to put a bag over the private parts of someone who suffers from incontinence?**

---

### **the question**

What is the ruling on a person who is in ihram and who suffers from incontinence putting something over his private parts - such as a bag - so that the najaasah (impurity) will not spread? Is this one of the things that are forbidden in ihram?

### **Detailed answer**

Praise be to Allah.

We put this question to Shaykh Muhammad ibn Saalih al-'Uthaymeen (may Allah preserve him), who replied that this is not one of the things that are forbidden in ihram.

And Allah knows best.
