

Islam Question & Answer

General Supervisor:
Shaykh Muhammad Saalih al-Munajjid

1312 - Brushing Teeth while fasting

the question

Will brushing teeth break your fast?

Detailed answer

Praise be to Allah.

If tooth paste does not get into the throat, then the fast is not broken. However, it would be better to use tooth paste at night and to Sewaak at day time.

May Allah guide us to his obedience.
