

13427 - Are Gold Teeth Haram?

the question

What is the ruling on having gold teeth fitted?

Summary of answer

It is not permissible for men to have gold teeth fitted unless that is essential because it is haram for a man to wear gold or adorn himself with it.

Detailed answer

Praise be to Allah.

Shaykh Muhammad ibn 'Uthaymin (may Allah have mercy on him) said:

"It is not permissible for men to have gold [teeth fitted](#) unless that is essential, because it is [haram for a man to wear gold](#) or adorn himself with it.

With regard to women, if it is customary for women to adorn themselves with gold teeth, then there is nothing wrong with them doing that. A woman may plate her teeth with gold if it is customary for women to adorn themselves in this manner, and it is not extravagance. Prophet Muhammad (peace and blessings of Allah be upon him) said: "Gold and silk have been permitted for the females of my ummah."

If a woman dies in this state, or if a man dies who wore a gold tooth out of necessity, [then it should be removed](#), unless there is the fear of mutilation of the corpse, i.e., there is the fear that the gum may be split, in which case it should be left alone. That is because gold is considered to be a kind of wealth, and wealth is to be inherited by the heirs of the deceased; leaving it with the deceased and burying it is a waste of money.

And Allah knows best.
