

## 20330 - Things that invalidate wudoo'

---

### the question

I would like to know the exact ruling of breaking of wudoo by passing wind sometimes it happens that gas comes to the bladder but does not get out. is the wudoo broken?.

### Detailed answer

Praise be to Allah.

What invalidates wudoo' is wind that comes out of the back passage. This is what invalidates wudoo', because according to the hadeeth of 'Abd-Allaah ibn Zayd, a man thought that he had broken his wudoo' whilst praying when he had not done so, and the Prophet (peace and blessings of Allaah be upon him) said: "Do not stop praying until you hear a sound or smell an odour." If something happens in his stomach and he is not sure whether he has broken his wudoo' or not, then the basic principle is that he is still pure (still has wudoo').
