

Islam Question & Answer

General Supervisor:
Shaykh Muhammad Saalih al-Munajjid

22962 - Does gargling invalidate the fast?

the question

Is the fast invalidated by using gargles?

Detailed answer

Praise be to Allaah.

The fast is not invalidated so long as one does not swallow it, but this should not be done unless it is necessary. It does not invalidate the fast so long as none of the medicine reaches the stomach.
