General Supervisor:
Shaykh Muhammad Saalih al-Munajjid

5322 - She wants to travel for five months away from her husband

the question

Is it permissible for a woman to travel away from her husband for five months or more?

Detailed answer

Praise be to Allaah.

If the couple both agree to that then there is nothing wrong with it, unless staying apart will lead one of the couple to do something wrong such as doing something haraam or neglecting the children. In this case it is not permissible, because the Prophet (peace and blessings of Allaah be upon him) said: "There should be neither harming nor reciprocating harm." And Allaah knows best.
