Detailed answer

Praise be to Allaah.

Our religion is Islam. It is the religion revealed to our Prophet Mohammd, praising and peace of Allah (God) be upon him. He told us to worship non-but Allah and to believe and follow the teaching of the Quran, the Holy Book. He ordered us to do good and stay away from evil. Islam is based on five pillars, which are: To believe there is no god but Allah and that Mohammad is his slave and messenger, to pray five times in a night and day in fixed times, to fast the month of Ramadan, to give alms to the poor and to perform pilgrimage at least once in a life time.

Islam rules everything in our lives. A society must go by the teaching of Islam in order to reach perfection. Islam governs the relationship between a Muslim and the environment, the people around him and even the animals. Islam has a say in everything in our lives and the more you apply it to your life, the better you feel.
